

Awcast.com allows you to broadcast your live events using industry standard encoding software in both Flash and Windows media format.

Pricing is a fixed monthly rate so you can easily plan your streaming budget.

Our unmetered usage allows you to stream to any audience size for one low monthly rate.

Included with an Account

What Formats Does Awcast Host?

Awcast currently hosts Live Webcasting Solutions for Flash and Windows Media.

What is Unmetered Bandwidth?

Unmetered accounts do not have set restrictions on viewers or bitrate.

Setup Process

After you receive your welcome letter follow the step by step instructions on the Setup Process page to begin broadcasting your event .

Embed Code | Direct Link | Statistics

Embed code will be included in the welcome email after you sign up. This will include a player that will load on the page. There will also be a direct link to the Live Broadcast and your Analytics or Media Reports. The direct link to the Live Broadcast can be used to create your own player or to use a 3rd party player.

Overage Charges

There are No Overage Charges. All accounts are unmeter with no restrictions on viewers or bitrates.

Billing Procedure

All billing is through PayPal and is recurring each month. Billing will continue until service is cancelled via email notification from client. Excluding yearly contracts, service can be cancelled at anytime. There are no partial refunds if service is cancelled in the middle of an already billed period.

CUSTOMER SUPPORT TEAM – SALES & TECHNICAL SUPPORT

We are available 24/7 and in most cases we will respond within 10 minutes.
